The Allure of Lucca at Night

Lucca by night

Nighttime has always been particularly fascinating. Backstreets and unexpected glimpses of monuments appearing to those negotiating the city in the darkness, are a clear invitation to experience Lucca at night.

Its discrete charm reveals itself, bit by bit, as one strolls through the ancient and narrow streets and stops to admire the stately white marble churches built long ago.

Lucca's most intriguing and fascinating secrets are hidden within the private walls of the severe patrician palazzos, in the darkest corners of the Romanesque churches, behind the walls of secret gardens, and within the mysterious underground.

We will unveil many hidden gems regarding the art and history of Lucca.
